Custom-made stirrers.
We print stirrers that we have on stock within one week from 1000pcs. up. Custom made moulds are available for a minimum of 50.000pcs.

Print on Vinyl
Barblades with vinyl coating are perfect as a gift for promo-tional business.

We are able to print logos which **look like they are laser engraved.** This special printing technique is done by silk screen process. Different colours are also available and much less in price compared to high price laser engraving. We print on stainless steel with pad- and silk screen machines. Due to a special pre-treatment long lasting prints are possible even on highly polished surfaces like shakers. Multi-coloured logos are also possible. A permanent logo is achived by laser engraving on stainless steel products. We can also polish after laser application for a more subtile apprearence of your logo – ask your sales person for details.

Print on Wood
Print, laser marking and hot stamping is available for wooden products.

Print on Vinyl Shakers
Cocktail Shakers with vinyl coating are perfect for promotions. Not only are these shakers very popular due to their grip and insulation effect, prints in multi colour are possible with good visibility.

Vinyl Colours
From orders above 300pcs. we produce every PANTONE COLOUR for you.

We print on our regular bottle pourers – on the spout, collar or wherever it's possible. Custom-moulded pourers can be developed for all kinds of markets. Tell us about your needs.

1 Colour
Every Pantone Colour is possible.

3 Colours
Silver and gold are also possible.

2 Colours
90% of all our customers have 2-colour printings.

4 Colours
Silver and gold are also possible.

Satin Etch
Looks like engraved or etched. As a very popular trend continues, we keep track of our customer's whishes. „Less is often more". Instead of printing multi coloured logos with too much details, we print a special colour named satin etch. This subtle colour can range from solid white to nearly transparent. This look gives the glass an elegant attitude.

Special shapes and positions
No matter if the glass has a handle, is curved or V-shaped or the customer wants an unusual printing position like on the base or vertically; we will find a way.

Outlet & Brand Logo
We produce your glasses with your brand logo, store them and add an outlet logo upon order and ship it individually to the customer in time.

Front & Rear
Small quantities for shows and events.

Irregular Printing Positions
We can reuse the same printing plates for different glasses. You define one size and you can get a series of different glasses with the logo at different positions. By repeat orders or orders with different products, we can provide small qntys even if the printing position is uncommon or irregular.

Capacity Lines
We have a licence to print capacity lines with CE approval.
